### Office Operations FY 2023-24

Problem: Prior to C2C, there was no central, neutral state entity authorized and funded to bring together C2C-relevant data across different domains. No entity was empowered to facilitate this information integration across silos to provide insights, improve coordination, and remove barriers across large institutions.

Goal: Establish and operate a new state entity that uses secure, effective, and efficient processes and procedures to earn and keep the trust of data providers and the public.outcomes that will empower decision-makers to answer important questions.

	July-September	October-December	January-March	
Staffing & HR	Finalize job descriptions for 10 new positions	Continue refining onboarding processes	Fully staff the 26 approved positio	
Leadership Development	Continue contracts for leadership development, team cohesion, and leadership c

# Analytical Data FY 2023-24

Problem: Data is siloed in different state-level entities, making it hard for decision-makers to answer important questions.

**Goal:** Build a linked analytical dataset that connects existing state-level data on education and job outcomes that will empower decision-makers to answer important questions.

	July-September	October-December	January-March	April-June

## Practical Tools FY 2023-24

**Problem:** Students face confusing barriers in applying for college and financial aid, needing to navigate multiple platforms to complete applications share information from their transcripts. These barriers can exacerbate existing disparities.

**Goal:** Coordinate with partners to reduce barriers for applying to college and financial aid and expand the number of students who benefit from thes tools by linking real-time information across institutions and communicating about these options to students.

	July-September	October-December	January-March	
Annual Student Experience Audit	Conduct audit and prepare report	Input from Community Engagement Advisory Board and Governing Board	Final report release	
C2C & Data Partners	Promote CaliforniaColleges.edu as a one-stop shop for launching financial aid applications, applying to pub and accessing planning resources for public, independent, and private colleges and universiti			
C2C, CCC, CSU, UC, AICCU, CDE, CCGI	Convene task force to plan for making eTranscript CA a seamless platform for transferring transcripts across public and independent post-secondary institutions. Coordinate with CaliforniaColleges.edu's provision of high school transcripts, e.g. to reduce barriers for dual enrollment students.

# Engagement FY 2023-24

**Problem:** Communities lack equitable access to usable information and data to address their priorities.

**Goal:** Different types of users will need different types of information when accessing the data system, and Cradle-to-Career will engage with communities to listen to and identify their information needs through our user-centered design work, community engagement activities, and trainings and outreach for the data system's practical tools, with a Governance structure that reflects and supports these priorities.

	July-September	October-December	January-March	
	Identify key communities and contacts for outreach and input; establish outreach goal			
Outreach and Engagement	Ensure information is trusted and useful by prioritizing transparency in communications and processes (ongoing Summer 2024); promote equitable access to engagement activities by region and key communities and pri (ongoing and with measurable metrics by Summer 2026)
