

RESOLUTION NO. 26-02
ENDORSEMENT OF FEASIBILITY REPORT
REGARDING OPERATIONAL TOOLS AS REQUIRED
PURSUANT TO EDUCATION CODE SECTION
10867(b)(5)(E)
May 20, 2026

WHEREAS, the Office of Cradle-to-Career Data System (Office) is established pursuant to Education Code section 10862 to serve as a neutral administrative body of the California Cradle-to-Career Data System (C2C) to establish and maintain a longitudinal data system that provides a source for actionable data and research on education, economic, and health outcomes for individuals, families, and communities, and provide for expanded access to tools and services that support the navigation of the education-to-employment pipeline, and under the direction of the Governing Board established pursuant to Education Code section 10864;

WHEREAS, Education Code section 10861(k) defines “operational tools” as “publicly supported educator-, student-, and parent-facing tools that use student-specific data to support college planning and education transitions, including, but not limited to, the CCGI and eTranscript California”;

WHEREAS, Education Code section 10867(b)(5)(E) provides that the Office shall, within five years of the operative date of the act that created C2C, assess the feasibility of subsuming the operation of operational tools that are currently administered by other agencies, and reporting findings to the Governing Board, the Legislature, and the Governor; and

WHEREAS, the Office has completed the assessment as required pursuant to section 10867(b)(5)(E) and recommends against subsuming operational tools within C2C's governance and instead continuing to use incubation as the best mechanism for scaling operational tools.

NOW, THEREFORE, BE IT RESOLVED by the Governing Board of the

Cradle-to-Career Data System as follows:

The feasibility report prepared by the Office in compliance with Education Code section 10867(b)(5)(E) is endorsed as written, and the Office will submit the report to the Legislature and Governor.
